The Dunnottar Ratepayers Association needs your help!

Over the span of a few short months, a small group of ratepayers have pooled their personal resources and have been actively raising concerns with Dunnottar Council, government officials, residents and local media. Members have conducted a mail-out survey of Dunnottar residents to gauge sewer support, crafted documents to inform residents and created signs.

Recently the association also completed the development of an informative 25 minute video. The video is available free of charge on the internet through the Dunnottar Ratepayers Association's new website www.dunnottarratepayers.ca.

Recent efforts to breathe life into the association have been costly both in personal time and pocketbook. To help offset costs and enable us to continue opposing Council's pursuit of a costly, unnecessary, and environmentally unfriendly sewer, we need your help.

Rather than seeking new members and concerning ourselves with membership renewals, at this time we are focusing our effort on stopping the costly sewer system. We are therefore instead seeking your support through 'cheerful donation' and/or purchase of signs for display on your property.

Please consider a donation and/or purchase of sign(s) by completing the form below.

Sincerely,
Ed Strauman, President
President, Dunnottar Ratepayers Association
